Protecting land & water in our community

land and water in our community

Mid- February 2013

RACHEL CARSON
*on the obligation to
endure...*

"The history of life on earth has been a history of interaction between living things and their surroundings. Only within the moment of time represented by the present century has one species - man - acquired significant power to alter the nature of his world."

Final Winter Trips on Tap

Saturday 9-noon: Tunis Brook Wildlife & Alcott Smith - It's always high adventure following Alcott through the woods! [See website for more.](#) Free and open to all.

March 2, 9-noon: Trescott Water Company Lands - Rare chance to get inside the fence guarding these 1200 acres. Here's a special invitation to the Trescott Company board, Hanover Select Board, and Hanover Conservation Commission to join Conservancy members on this trip. Snowshoe hike to see ancient pines and observe the working woods in winter with the foresters managing this sensitive land. [Space is limited](#) - please [contact us](#) to register.

Details [here](#). Snowshoes available. Please, leave pets at home.

Don't Miss Levin on Carson - Feb. 28

When Rachel Carson's *Silent Spring* appeared on bookshelves 50 years ago, it changed how people thought about their world. The Hanover Conservancy will host naturalist Ted Levin at the Howe Library on Thursday, February 28 at 7pm. Ted will share his thoughts about the impact of this book and of its author, an extraordinary woman who helped launch the modern environmental movement.

The Latest on the Dana Pasture Lot

Find details and updates about this contested Moose Mountain parcel on our [expanded web page](#). NEW: Biologists' complete report (plus maps of key habitat features and conservation priorities) are posted here. Those who care about the future of this land should plan to attend the March 25 meeting hosted by the Hanover Select Board.

Wondering about Wilder Dam?

Visit our [new web page](#) on this hydro dam, its history, and the issues surrounding its operations on the Connecticut River. Wilder's federal operating license is coming up for renewal, opening the gates to opportunities to change how TransCanada operates the dam and its
